                                             (GH) https://github.com/ChristSesurajan
                                             (LI) https://www.linkedin.com/in/rimmonflavin/

Technical Skills

- **Programming Languages:** JavaScript (ES6+), TypeScript, C# (basic experience)
- **Frameworks & Libraries:** React.js, Node.js, Express.js
- **Backend Development:** Node.js, SQL (MySQL, PostgreSQL)
- **Frontend Development:** HTML5, CSS3, Bootstrap, jQuery
- **Version Control:** Git, GitHub
- **Cloud & Deployment:** Basic experience with **Azure**
- **Databases:** SQL Server (basic), PostgreSQL, MySQL
- **Development Tools:** Visual Studio Code, Webpack, NPM, Postman
- **Testing & Optimization:** Debugging, Cross-browser compatibility, Performance tuning

Key Projects:
Below are the Three briefs of development projects I completed which can be found in my bio:
https://christsesurajan.co.uk/
Full-Stack Messaging App

- Developed a secure messaging platform using React.js, Node.js, and PostgreSQL.
- Implemented JWT for secure user authentication and optimized API performance.
- Designed with responsive principles, ensuring seamless functionality across devices.

CRUD Application for Company Personnel

- Designed and built a CRUD system using Node.js and MySQL for managing personnel data.
- Ensured system performance through rigorous testing and clean code practices.
- Focused on scalability and security in data handling.

Map-Based Web Application

- Created an interactive map-based app using HTML, CSS, JavaScript, and PHP.
- Integrated third-party APIs (GeoNames, OpenWeather) to dynamically source data.
- Delivered a mobile-first design with a focus on usability and performance.

Certifications & Training

Full-Stack Developer Trainee

IT Career Switch, 2023 – 2024

- Built dynamic web applications using **MERN stack**, ensuring scalability and high performance.
- Designed and developed **CRUD applications**, optimized database schemas in **MongoDB**, and created secure **RESTful APIs**.
- Implemented **JWT-based authentication** for user security and integrated third-party APIs.

EDUCATION:

2023	**University of Greenwich** MSc Computer Science
2021	**Karunya University, India** B.Tech Computer Science

CAREER HISTORY:

SEP 2024 – Present
POSITION HELD:

Hagen
Assistant Manager

- Managed day-to-day operations of a high-traffic coffee site efficiently, ensuring smooth running
- Independently managed the site during peak hours, ensuring smooth operations, customer satisfaction, and efficiency in high-pressure environments.

Nov 2022 – SEP 2024
POSITION HELD:

Benugo
Barista/Front-of-House Team Member

- Collaborated with team members to ensure seamless operations, efficiently handling tasks and maintaining high service standards in a fast-paced environment.

Personal Skills

- Strong problem-solving mindset with attention to detail.
- Excellent communication and collaboration skills.
- Passionate about delivering innovative, user-friendly, and impactful digital solutions.
